

SDDC-PP Advisory 16-0121

Date: 8 July 2016

From: AMSSD-PP Scott AFB, IL 62225

To: All Military Service Headquarters Representatives and Worldwide Personal Property Shipping Offices (PPSOs)

Subject: Revocation Actions for American World Forwarders, Inc (AMNW).

1. Effective 8 July 2016, AMNW has been revoked from participation in the Department of Defense (DOD) Personal Property Program (DP3) for failure to meet the minimum requirements outlined in the SDDC Regulation 55-4.

2. Shipments that have been awarded to AMNW with scheduled pickup after 15 July 2016 must be pulled back and re-awarded to another TSP. The necessity to pull-back shipments picking up prior to 15 July 2016 is at the PPSO's discretion.

3. All shipments in Storage-In-Transit (SIT) must be terminated. PPSO should issue a GBL correction notice indicating the termination date and that the TSP is authorized to invoice for services performed up to the termination date. PPSO should contact the affected storage warehouse and arrange for continued storage and final delivery-out using local purchase procedures.

4. For shipments en route that require SIT at destination, shipment should be terminated upon arrival at the destination agent warehouse. PPSO should issue a GBL correction notice to terminate the shipment prior to SIT authorization to AMNW, as well as arrange for required storage and delivery-out with the destination agent using local purchase procedures. NOTE: Due to DPS functionality, shipment must be put in a "Storage in Transit" and then Terminated.

5. AMNW should be provided the opportunity to arrange for direct delivery upon arrival of shipment at destination, provided such delivery will meet the customer's delivery requirements.

6. PPSOs should monitor shipments awarded to AMNW (listing attached). In the event any shipment become frustrated, contact the SDDC-PP Operational Support and Quality Team at [army.sddc.safb.pops@mail.mil](mailto:army.sddc.safb.pops@mail.mil) for additional guidance.

7. Email any questions/concerns pertaining to this message to the Operational Support and Quality Team at [army.sddc.safb.pops@mail.mil](mailto:army.sddc.safb.pops@mail.mil).

8. This message was approved for release by Chief, Business Processes Division, HQ SDDC
